

# Check It Out

A PUBLICATION OF THE LICKING COUNTY LIBRARY  
JANUARY • FEBRUARY 2024 • VOL. 19 • NO. 1

LCL

LICKING  
COUNTY  
LIBRARY

# New Beginnings

“The beginning,” says Plato, “is the most important part of any work.” When I assumed the position of Executive Director in November, I spent some time thinking back to those humble beginnings in my library career. My first reference question (who invented the swivel chair), my first office (a converted broom closet in a 100-year-old building), and my first book club selection (Seabiscuit by Laura Hillenbrand). Over time, I filled various roles in six library systems around the state, including Greene County, Lima and Granville, and earned the unique distinction of having worked in every type of library department. Every first step taken has grown into an exciting journey filled with people and stories that have formed my life’s work and revealed the power of libraries.

That journey continues at Licking County Library when, last year, LCL reached several milestones and introduced multiple new services. We launched a robust online program calendar with room reservations. In addition, the Downtown Newark location opened up the Library Lab tech space to homeschoolers and educators. We decreased wait times on holds, received bestsellers faster, and added 25,000 print items to the collection—an 11 percent increase from 2022. LCL offered 1,390 educational programs for all ages, including over 35 story times for our early learners, and saw Dolly Parton’s Imagination Library participation achieve an all-time high with 58 percent of eligible children in Licking County enrolled. A refresh of the main level at the Downtown Newark location introduced new carpet, fresh paint, upgraded lighting and the addition of comfortable seating areas and branded, standardized signage was installed at locations to enhance browsing experiences. And to everyone’s excitement, LCL welcomed the arrival of a new Mobile Library after a four-year hiatus.

Over the years, LCL has been a proud sponsor of new beginnings. Whether we helped you learn a new hobby, find a new career, discover something new about yourself or read your first words—we were there at the start. 2024 is set to be a transformational year as LCL focuses on updating and enhancing our facilities, strengthening our collection and reader’s advisory services, and developing a 5-year strategic plan. We hope you—the most important part the Library’s work—will join LCL as it embarks on even more beginnings!

## THE COLLECTIVE.

Collective representations are ideas, concepts, categories and beliefs that are the product of a social collectivity. They are not the work of individuals, but emerge from social life. Licking County Library’s Downtown Newark location has a space for those ideas and concepts. It may, at times, be a gallery of art. It could be a space for dreaming outside of the box. It could be a timelines of an impactful moment in time.

We invite you to immerse yourself into this space. The focus changes regularly and is driven by your participation. Now through the end of January, experience “A Community In Focus”—highlights from the Newark Camera Club in the late 1800s to early 1900s.

# Extended Hours

As we ring in the new year, we welcome expanded hours. All LCL locations are open 10am - 5pm on Fridays. At our Downtown Newark location, the drive-up window opens at 9am for service, Monday through Friday. Visit our website [lickingcountylibrary.org](http://lickingcountylibrary.org) for details.

(beginning January 2)

## The Beatles Are Coming!

Sixty years ago, on February 3, 1964, The Beatles came to America for the first time. Visit *the collective.* for our unique celebration of this momentous occasion.

photograph by Chalmers Pancoast, July 1900. Subject is Cecil Lingafelter.

# Buckeye Lake
